

To the members of the Fortuna Tierra Club -

I am honored to be a recipient of the FTC Scholarship this year! This award will help me pursue my dreams of finding new and creative ways to improve people's health and wellness. I am incredibly excited to be able to go on this academic journey at CSU-Fort Collins this fall and appreciate all that you have done for students and members of this community. It was such a pleasure getting to talk to you and speaking about the things that we, as students, really care about. I loved how you were genuinely interested in our passions and how we planned on making a difference. Thank you for this award, I deeply appreciate it! Have a wonderful rest of the year!

Sincerely,  
Kiana Ziemann
